1Insecticide Seed Treatment: L = Low rate, M = Medium rate, H = High rate

2Genetic Traits: C= Corn Borer, R= Root Worm, L= Other Lepidoptera, Number following the letter indicates how many traits are expressed

3Herbicide Traits: G= Glyphosate, U= Glufosinate, B= Both

The Dwight and Urbana locations were harvested but data was not presented. Since the purpose of this research is to provide unbiased data for the selection of hybrids, we felt that the lack of rainfall resulted in data of questionable value for this purpose.
